

Tariff	Description (Full)	Rate April 01, 2022
--------	--------------------	------------------------

COVID-19 Immunization

8291	Nuvaxovid (Novavax COVID-19 Vaccine)– per dose	\$20.00
------	--	---------

- Notes:
- 1) Claims to be submitted to Manitoba Health within two (2) business days of service delivery.
 - 2) Physicians must report vaccine inventory to Public Health on a weekly basis and/or as directed by Public Health. The system for inventory reporting will be determined by Public Health and communicated to physicians.
 - 3) Determination of patient eligibility and obtaining patient consent are included within the fee.
 - 4) Physicians are required to schedule a second dose appointment with patients in accordance with recommended timing and when supply becomes available. Physicians are required to reasonably follow-up with patients to ensure the second dose is administered within recommended guidelines.
 - 5) Physicians shall provide equitable access for vaccinations for all eligible Manitobans regardless of whether the patient is in the physician's existing panel of patients.
 - 6) Manitoba Health has determined that this service, when provided during an after hours period, is not urgent or emergent and therefore After Hours Premiums may not be claimed in addition.
 - 7) Physicians must review a patient's electronic COVID-19 immunization history through eChart or PHIMS to review any previous immunization history, interval between doses, if required, and product history to ensure second doses match current provincial recommendations.
 - 8) Physicians must ensure vaccine products are stored and handled as per the product monographs.

*Effective April 01, 2022, the Minister of Health has authorized the above time-limited tariff to be paid during the COVID-19 pandemic response in Manitoba (the duration of the tariff herein to be determined by Manitoba).
